A solitary word that personifies Lifestyle, Influence, Prestige, Luxury, Convenience, Comfort, Beauty, Perfection, Majesty and Affluence.

A Mark of Distinction, a Symbol of Power and a Potent Manifestation of Stature.

First impressions are the foundation of an identity, and on approach, Tiara paints a truly remarkable picture.

Pristinely set on 4.5 acres in the bustling community of Yelahanka, Tiara epitomises a luxurious sense of arrival and tranquil yet lavish living with its 228 spacious, 3 BHK and 4 BHK premium apartments.

Inspired by the natural environment, Tiara promotes sprawling landscapes and a dynamic, sustainable residential structure that ensures less ground coverage yet creates barrier-free surroundings for its occupants.

Meticulous zoning and a clear distinction between private and public areas within the apartment complex invokes a sense of security and comfort.

All of these unique facets effortlessly come together to form the single harmonious entity that is Tiara.

ASCEND TO THE PINNACLE OF PRIVILEGE

The elegant façade is embellished with prioritised terraces and large spacious balconies that immediately capture the onlookers' attention while enhancing the inside-out experience for the residents.

The meticulous design of the individual apartments allows the interiors to be bathed in natural light during the day and caressed by cool breezes 24/7 thanks to the layouts' ingenious cross ventilation features. While the interior of the building compound consists of almost ¾ open space, each apartment block is also interlaced with aesthetic green landscapes and water bodies – giving its 228 families a veritable paradise of living space.

Ambient faceted lighting on the building's exterior lends an ethereal appeal to the edifice at night, while its pronounced verticality gives it an air of ascension – as if the building itself is gracefully rising to the heavens.

BE WELCOMED BY THE EMBRACE OF OPULENCE

As you enter the premises, a grand lobby located in the central experiential landscape podium opens out to serene settings, soothing water bodies, picturesque lawns and lush greenery fringed by aromatic walkways.

When you make your way to the premium apartments, you will find that we have aimed to create a living concept that promotes family culture. To enhance the family living experience, our designers have taken special care to provide distinctive areas for the family and for outside visitors to enjoy.

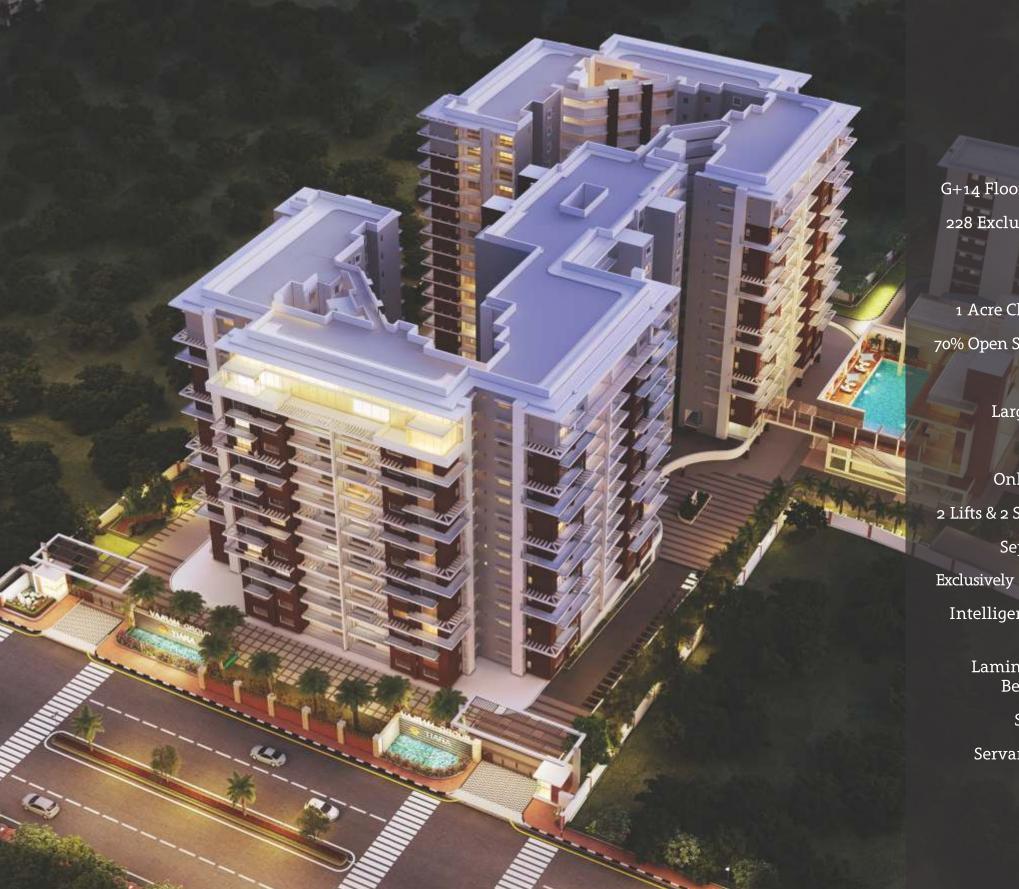

As you walk past the spacious foyer, take a stroll through the living area and attached balcony dedicated to visitors. Once you are done entertaining your guests, retire to the family space, featuring the dining room and kitchen built in coherence with each other to create a harmonious retreat for personal bonding. The kitchens are also insightfully diversified into 'dry' and 'wet' formats wherein the dry kitchen can be used by the family and the wet kitchen can be utilised by the staff.

Finally, step into your corner of tranquillity as you enter the luxurious master bedroom that is also quipped with spacious walk-in closets. Glide across the plush wooden flooring out on to the attached balcony and be greeted by a spectacular 270° view.

Revel in this moment, for you have arrived Home.

THE DAIS OF PRESTIGE

We believe your abode should be the centre of your world and all your needs should therefore revolve around it.

North Bangalore, although perceived as the city 'outskirts', is rapidly becoming the preferred site for many potential home buyers as it possesses all the necessary features of an ideal location including land availability, excellent connectivity and top-of-the-line public amenities.

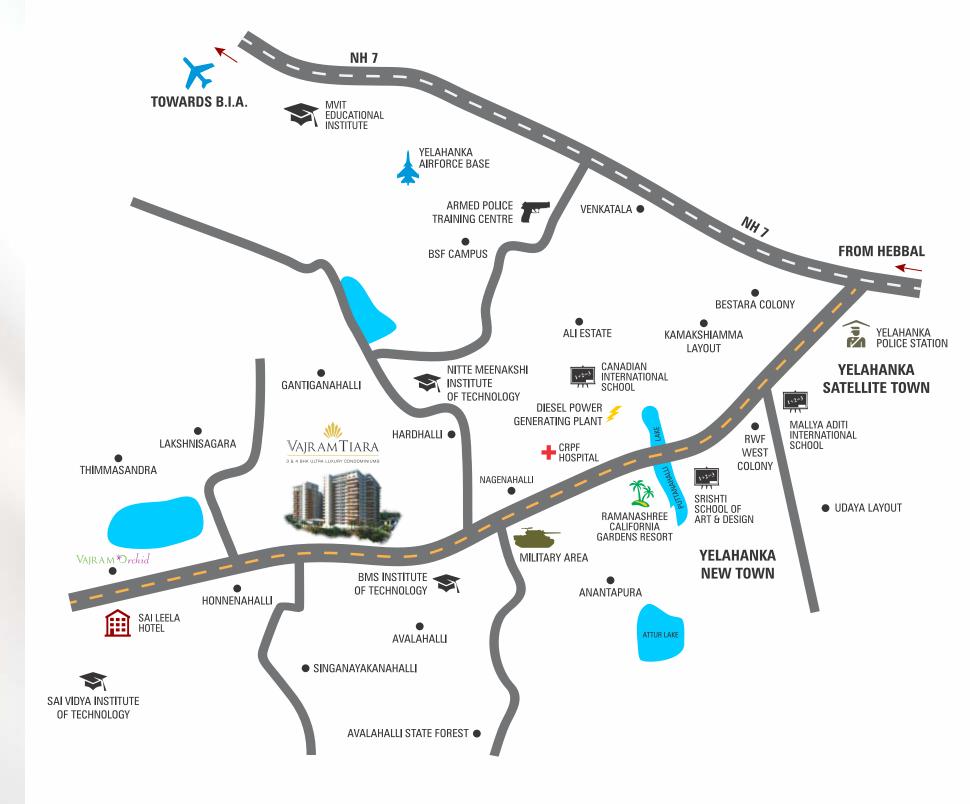

The Bangalore International Airport is at the epicentre of the major infrastructural development taking place in this area. The airport has various expressways and wide roads connecting it to the city, making it a veritable hub of activity.

The growth in this area can also be attributed to various infrastructure initiatives undertaken by the government like the BDA Peripheral Ring Road and the widening of Bellary Road from 6-lane to 18-lane with an elevated section. A proposed High Speed Rail Link will see enhanced connectivity from the city to the International Airport, covering a distance of 33 kilometres with four stations including Yelahanka and ending at Bangalore International Airport (Terminal Station).

Major residential projects are also underway by well known developers like ISKCON, Hinduja Realty and Brigade Group in addition to commercial projects taking shape such as the 190 acre Embassy Knowledge Park consisting of IT/ITES work spaces, residential, recreational, entertainment and hospital amenities.

Other notable projects in the vicinity include existing infrastructure like major schools namely Vidyashilp, DPS, Canadian International and TRIO World school, plus institutions of higher education like VIT and MS Ramaiah. Upcoming developments include several five-star properties in the pipeline, ITIR in Devanahalli, an Aerospace SEZ planned near the International Airport, the Devanahalli Business Park, Airport city and a Race course near Chikkajala on the way to Andhra Pradesh.

Whether it is your daily work commute, dropping the kids to school or stopping by one of the nearby shopping centres for some retail therapy, Tiara will make you feel effortlessly connected with the hustle and bustle of the city life, yet worlds away from it.
